# LG On-Premise Laundry Solutions

## Commercial Platinum Washers & Dryers

LG Commercial Washers and Dryers deliver unmatched efficiency, commercial durability, simple operation and high spin speeds for a quicker wash and dry. Offering a soft-mount design for quick installations and quiet operation, LG Commercial Washers and Dryers are available in gas and electric models, as well as space-saving stack options. Choose from the 30-pound capacity LG Titan Pro Washer/Dryer or 22.5-pound capacity LG Platinum Washer/Dryer. LG Washers and Dryers are configurable to meet the needs of any on-premise laundry application, including those at salons, spas, B&Bs, vet clinics, pet care facilities, restaurants and more.

### Modern, Streamlined Look

LG Washers and Dryers offer a streamlined, modern look and a robust chrome door. They feature a powder-coated finish offering long-lasting durability and an exterior that's simple to keep clean. A chrome door and grip provide a wide opening for easy loading and unloading, while tempered glass doors offer easy viewing and resistance to scratches and damage.

### Space-Saving Design

LG Washers and Dryers are available in single-pocket models, or stack dryer/washer and dryer/dryer combinations. A small footprint and stackable design provide greater capacity per square foot.

### A Quick Wash & Dry

Thanks to high washer extract speeds that remove more moisture from laundry, loads dry more quickly - allowing operators to complete laundry in less time. Because dryers operate less often, laundries use considerably less natural gas, which cuts utility costs.

### Commercial Durability

LG Washers and Dryers are backed by a commercial warranty and engineered for constant use. LG's double-locking system for the front panel provides heightened security for peace of mind. Front-access panels are constructed of coated steel - not plastic - to enhance reliability and security. Premium Powder Coating provides the same durability as car paint, helping to prevent rust and resist scratches.

Buy with confidence!**

# LG Washing Solutions

Engineered for years of quiet operation, LG Washers features auto-balancing and inverter-drive systems for quiet smooth, efficient and reliable operation. Designed to withstand the rigors of constant use, they are simple to use and deliver a quicker wash using less energy and water.

## High Extract Speeds

- By generating up to 451 G-force extract speeds, more water is removed from every load
- Laundry takes less time to dry
- Reduces dryer operation, saves energy & cuts utility costs
- Increases laundry productivity
- Extends linen life

## Simple Operation

- Operators choose from Hot, Warm, Cold & Delicates wash cycles
- Extra Superwash cycle option
- A suds-reduction process is automatically performed if over-sudsing is detected

## Stainless Steel Washer Tub

- Stainless steel tub is rust- & scratch-resistant & won't stain laundry

## 10° Tilted Drum

- Tilted washer drum reduces water consumption while maintaining a quality wash

## Automatic Tub Cleaning System

- Smart Tub Cleaning program automatically cleans the washer tub when selected

## Atomizing System

- Atomizing nozzle sprays fresh water onto the load & washer door
- Helps to quickly fill the washer & soak the load for improved wash & rinse performance.
- Maintains a clean washer window & reduces excess soap residue
- Simplifies the task of cleaning the washer

## Inverter Direct Drive System

- Direct Drive system increases motor stability & durability, while lessening vibrations.
- Eliminates the need for belts & pulleys, found in conventional washer motors
- Decreases maintenance & noise
- Maximizes energy savings
- Generates fewer speed fluctuations
- Uses only the necessary amount of electricity during the wash cycle
- Minimizes energy loss by providing power straight to the tub

# LG Drying Solutions

LG Dryers deliver exceptional drying capacity and performance in a compact footprint. With up to 35 pounds of capacity, they handle more laundry while reducing wrinkles and tangles. Built with a heavy-duty motor for improved airflow and heating, LG Dryers ensure better drying results. Key features include a durable steel control panel with multilingual readout, a tempered glass reversible door and a premium powder-coated finish.

## Durable for Years of Operation

- Designed to last for years
- Feature a stainless steel drum that's built for constant use
- Drum won't chip or peel — keeping laundered items stain free

## Efficient

- Dryers allocate the right amount of gas & air into several sections — controlling airflow for a quicker, more efficient dry

## Quiet Operation

- LG Dryers are among the quietest in their class

## Easy to Operate

- Control panel features a digital display illuminating cycle time countdown
- LED lights indicate cycle status
- Customers simply select one of the four temperature options — High, Medium, Low or No Heat — then press the start button
- End-of-cycle tone sounds upon cycle completion
- An extra-large door makes loading & unloading easy

## Reversible Dryer Door

- Quickly change the direction of the door swing — left or right — without additional parts

# More About Us

Girbau North America (GNA) is an industry-leading provider of comprehensive laundry solutions and support services for the vended, commercial, industrial, multi-housing and textile care markets. GNA delivers quality laundry products in concert with local distributor expertise and business support services to clients throughout North America. At GNA, our proven, best-in-class equipment offering — including high-performance, open-pocket washers and dryers, continuous batch tunnel washing systems, feeders, ironers, folders and conveyor systems — are built for longevity, superior efficiency and unrivaled flexibility. Our slogan — Laundry Beyond Laundry — compliments our objective to add value, through innovation, high-performance equipment, solutions and services. GNA stands strong in its commitment to sustainability, adaptation to customer needs, and providing clients with personalized laundry solutions that deliver success.

- Industry's most comprehensive equipment offering
- Local, expert distributor support
- Industry-best warranties
- Laundry design & layout
- Business proformas & financing
- Parts & ongoing local, technical service

At GNA, we cater to a number of markets with equipment and brand offerings designed to improve our clients' businesses.

## Market Channels

**Commercial** Every laundry is unique in size, scope and goals. At GNA we specialize in improving commercial on-premise laundries at hotels, vet clinics, salons, dairies, fire departments, correctional facilities, and more. We work to cut energy and labor costs, while boosting laundry production and quality.

**Industrial** Equipment flexibility and automation are key ways to boost production and quality while lowering overhead costs. GNA specializes in developing industrial laundries from scratch, as well as simply improving them with quick Returns on Investment (ROI).

**Textile Care** Our advanced wet cleaning technologies deliver exceptional programming flexibility for improved textile restoration results and a greater percentage of wet cleaned to dry cleaned items. Eco-friendly and a fraction of the cost of dry cleaning equipment.

**Vended** We help vended laundries get into business the right way, with exclusive products and expertise that help you stand apart from the competition.

**Multi-Housing** Apartment complexes, dormitories and residential facilities require durable, simple-to-use washers and dryers available in space-saving configurations. At GNA, we offer the equipment and local distributor support — often with creative lease and share options — to reduce management hassles while boosting revenue.

## Brands

**Continental Girbau** Our flagship brand providing equipment and service solutions to vended and on-premise/commercial laundry markets.

**Express Laundry Center** Innovators of the “60-minute wash/dry/fold,” the trademarked Express Laundry Center brand is a turnkey vended laundry solution encompassing high-speed equipment, multiple store services and marketing/management support.

**Girbau Industrial** GNA's industrial laundry equipment brand encompassing everything from open-pocket washers and dryers to high-volume continuous batch washing systems, ironers, folders and stackers.

**Poseidon Textile Care Systems** GNA's eco-friendly wet cleaning brand for textile care businesses, including textile restoration and dry cleaning.

**Sports Laundry Systems** Our dedicated brand for athletic laundries with specialized disinfection capabilities.

**OnePress Ironers** Our highly productive brand of ironing systems engineered for quality results and medium- to high-volume productivity.

## GNA Subsidiary Companies

**Custom Select Financing** Provider of financing solutions to GNA customers.

**Girbau Creative Services** Provider of marketing, advertising and public relations services to GNA customers and distributors.

## Sustainability

Not only are GNA laundry products highly efficient — using less energy, natural gas and water — they are manufactured in an environmentally friendly manner to meet rigorous environmental and safety standards established by the International Organization for Standardization (ISO). Ever focused on laundry efficiency, GNA is a member of the U.S. Green Building Council (USGBC), a 501(c)(3) nonprofit that developed the Leadership in Energy and Environmental Design (LEED) Green Building Rating System.
