Reference	Subject	Date
PB-138	439679 and 439661 Bearing Tool Kit Release	4/19/2021
Product	EH030, EM/ MG/ REM/ RMG033/ 040 Bearing Tool Kit	
Product	EH040, EM055, RMG055 Bearing Tool Kit	

Summary

The *EH030, EM/MG/REM/ RMG033/ 040* (439679) and the *EH040, EM055, RMG055* (439661) bearing tool kits will now be shipped Pelican cases with laser cut foam. **The kits will no longer include the mechanical puller with the tool kit (pictured at the end of this bulletin). Distributors will be responsible for providing the puller tool.**

If you would like to purchase the foam or Pelican case, the foam can be purchased through GNA. The Pelican case will need to be purchased through a Pelican distributor (see case number).

Pelican Case Layout

Designator	Description	Part Number	Quantity
A	Drum centering device	439711	1
F	Bearing disassembly shank	437490	1
G	Shaft end protector	439885	1
H	Bearing front inserter	437558	1
I	Rear bearing inserter	437566	1
J	Seal ring extractor	437616	1
K	Radial seal inserter	438432	1
L	Seal ring inserter	439745	1
M	Drum fixing parts	439695	1
N	Drum inserter	437608	1
O	Front bearing extractor	437574	1
Q	Rear bearing extractor	437582	1

Part
Numbers

Bearing Tool Kit	Pelican Case Number (order through a Pelican dealer)	Kaizen Foam Part Number
EH030/ RMG033/ EM-MG-RMG040 439679	Pelican 1615 Air Case	FOAM 439679
EH040/ EM055/ RMG055 439661	Pelican 1615 Air Case	FOAM 439661

The hydraulic puller tools can be purchased through GNA or directly from the manufacturer (available through various places online). The claws on the arms of the hydraulic puller tool will need to be slightly modified in order to work on all different units (GNA will provide those dimensions).

****Pictured is the SKF TMM 100H Hydraulic EasyPull Bearing Puller (p/n 10623379)****

Reconditioned mechanical puller tools can be purchased through GNA for \$200
