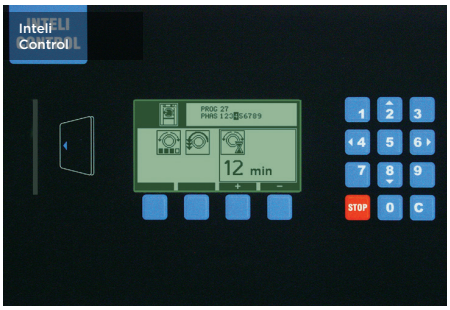
E-SERIES
SOFT-MOUNT WET CLEANING MACHINES

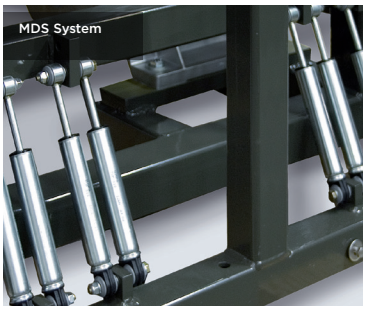
EH020 EH030 EH040 EH060 EH070 EH080 EH090

Delivering highly flexible controls for unrivaled programmability, efficiency, performance and results, Poseidon Wet Cleaning Machines are durably constructed for years of rigorous use. Engineered to perfectly and gently wet clean a variety of items and fabrics — from silk, cashmere and wool to wedding gowns, tailored suits and dress shirts — Poseidon Wet Cleaning Machines are backed by an industry-leading 5/3-year factory warranty.

PRODUCT FEATURES

- Engineered to successfully wet clean a wide array of items and fabrics — without shrinkage or damage — including dress shirts, wedding dresses, tailored suits, sweaters, skirts, silks, knits, wool, cotton, Gortex, polyester, linen, cashmere and camel hair.
- Perform the duties of a typical dry cleaning machine without the cost, space or negative environmental impact.
- Offer industry-best programmability and deliver complete control over every conditional aspect of the wet cleaning process.
- Provide easy to use controls. Once the programs are set, operators simply select a program number and press start.
- Feature 12 standard chemical injection signals (inteli models only) with programmable time dosing and flush flexibility. Chemicals are diluted with water before being introduced into the machine drum — preventing direct chemical-to-linen contact — preventing linen damage.
- Gently reach extract speeds ranging from 100- to 405 G-force.
- Rely on water — delivering an environmentally safe and non-toxic alternative to dry cleaning.
- Are not subject to any state or federal Environmental Protection Agency (EPA) restrictions.
- Feature durable AISI-304 stainless steel inner and outer drums designed for constant use.
- Are equipped with an oversized door, which allows for simple loading and unloading, and a heavy-duty, bolt-style hinge to withstand constant use.
- Boast superb audit capabilities allowing owner to capture usage details.
- Feature accessible components making Poseidon Wet cleaning Machines a pleasure to own, maintain and service.
- Durably constructed for years of rigorous use and are backed by an industry-leading 5/3-year warranty.
- Operate on single-phase power with inverter technology. (Adaptable for pre-wired three-phase power)





Every dry cleaning/fabricare operation is unique, with a distinctive set of production, quality and efficiency goals. Uniquely, Poseidon Wet Cleaning machines deliver the flexibility and programmability to meet any wet cleaning need. The Poseidon team works closely with facilities to properly size and install equipment.
